SPECIAL NOTICE

This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

ALL PRICES ARE SUBJECT TO MARKET CHANGES

TERMS AND CONDITIONS

TELEGRAPHIC INQUIRIES

If you fail to receive telegraphic reply to a telegraphic inquiry, it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

SHIPMENTS

PLEASE state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid we can.

TERMS — NURSERY STOCK

1. Cash with order AND ALWAYS ADD 5% for PACKING CHARGES. No more free packing.
2. To customers with known or approved credit rating, Net 30 days, 2% 10 days.
3. C.O.D. Orders must be accompanied by at least 25%.
4. All Boxes and Bales Are Extra At Cost.

TERMS — SUPPLIES (Always NET)

1. Cash with Order or C.O.D.
2. Net Cash 10 Days to known or approved credit rating.
3. No Cash Discount On Supplies—and no packing charges.

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an ADVANCE of 50% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER, except Broadleaved Evergreens where the "Each" and "Per 10" rates apply.

Prices do not include packing charges. For cost of bales and boxes see Page 3.

All Prices Are Subject To Market Changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heaviest stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to method of grading Hedge Plants and Roses is given under such heads.

CLAIMS

All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: "We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points; giving you benefit of c/l freight rate (plus the handling charge billed us by transfer companies) and quick through refrigerator car service.

PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

Schedule of Box and Bale Charges

	6 to 7½ feet
30x30	\$5.00
24x30	4.50
24x24	4.00
18x24	3.50
18x18	3.00
15x15	2.50
12x12	2.25

Longer or shorter boxes will be charged in proportion to above schedule.

Bales: 25c to \$2.50, according to size.

There is no packing charge on bulk car or truck loads.

REFERENCES

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

DECIDUOUS SHRUBS AND TREES

In listing plant material we follow Standardized Plant Names as far as practical.

We price Per 10 and Per 100. To obtain the lowest published price on naked root deciduous stock, your order must cover at least fifty plants, and not less than 10 of a variety or grade. Orders for less than 10 of a variety or grade will be invoiced at an advance of 50% over the 10 rate regardless of the size of the order.

Please state your preference of second and third choice in case we cannot supply the exact variety or grade you require.

BROADLEAVED EVERGREENS

We specify "BB" (Balled-and-Burlapped), where we think this method of handling necessary, and have priced accordingly. Those customers who are willing to assume the risk of handling such items with roots carefully puddled (NR) may deduct from the listed price according to schedule shown below.

Plants handled "NR" will have every care to protect them from drying out. Roots are carefully puddled in mud as dug, and we use damp sphagnum moss for packing material, shipping the plants in ventilated cases.

Please always specify "BB" or "NR" when ordering.

CONIFEROUS EVERGREENS

All of these Conifers are grown from cuttings, and transplanted in the field at least twice, except those marked "Pots", meaning grown in pots of the size specified. These field-grown plants, much stronger than bed or frame-grown stock, will be puddled in mud as dug, and the roots carefully packed in sphagnum moss. Potted stock will be shipped in paper pots of the size specified unless we are instructed to shake out.

7-A. GRAFTING KNIFE:

Case Heavy Grafter. One folding blade, brass lined. This is a good strong knife, similar to our "C.A.G."

NOT IN STOCK—Back-orders will be filled when available at prevailing prices.

7-C. GRAFTING KNIFE:

(Cut not available for this Catalogue).

One folding blade, brass lined. This is the nearest substitute we have seen to our old "C.A.G." A many purpose knife, pocket size. Not quite as heavy as No. 7-A above.

NOT IN STOCK. Back-orders will be filled when available at prevailing prices.

Made of fine high carbon steel, blades heat treated to hold their edge. Serrated blade edge prevents slipping when cutting. Easy grip hardwood handles, reinforced with steel throughout, cannot come off. Excellent balance, easy to operate, 8" blades. A high class tool, heavier than No. 19-B listed below.

Each, f.o.b. Chase 4.25

19-B. HEDGE SHEARS —"NEWMAN":

Made of finest steel, with specially attached stained wood handles. The cutting head is driven into the slotted ferrule covered handles by hydraulic pressure. These have 8½" blades, one notched for heavy cutting.

Each, f.o.b. Chase 3.75

----------	--	-------

20. "LOPPING" SHEARS:

Two hand, extra heavy, single cut. For "dehorning" in orchard, and general heavy pruning. Length overall, 26 inches, the long handle gives leverage. Weight 3¾ lbs.

NOT IN STOCK. We hope to have them soon.

Per Pair, f.o.b. Chase \$2.75

23-A. TREE TRIMMER—Heavy Duty:

This trimmer employs a wholly new principle in that it cuts from the top down rather than the bottom up—with the law of gravity, rather than against it. It features compound leverage, plus ball bearing pulleys. Makes a full 1½" cut. Handles 1½" in diameter, furnished complete with two 5-foot sections, 10-ft. overall. Weight 6½ lbs.

Each, f.o.b. Chase 12.50

23-B. TREE TRIMMER—Featherweight:

This featherweight Trimmer is designed for lighter work than No. 23-A above. It is especially adapted for topping or work in the tree. Makes a 1" cut. Single pulley action, all pulleys are ball bearing for easier operation. Furnished complete with two 5-foot sections, 10-ft. overall. Handles are 1¼" in diameter, net weight 4¾ lbs.

Each, f.o.b. Chase 7.80

24. PRUNING SAW:

Fast, keen cutting. Will handle large limbs or small branches. Different in that it is draw-cut on slight curve; easy on operator. This saw, together with a pair of pruning shears, should be in the kit of every tree owner, nursery salesman, and landscape planter.

NOT IN STOCK. Back-orders will be filled when available at prevailing prices.

35-B. BINDER TWINE HOLDER:

If you use binder twine for bunching and balling, as we do, no doubt you have had it to snarl and the loss is heavy. The picture is self explanatory. Have your tinsmith make one and you will be tickled with it. Inside dimensions are 7½" in diameter and 7½" deep, with an inch wide reinforced hinged handle perforated so that the twine runs freely from the center of the ball. This will carry either a 5-lb. or 8-lb. ball. Perhaps you can find a can at your filling station that will do—we couldn't. If you can't find one, or do not have a tinsmith handy, we will be glad to furnish them. Made of heavy galvanized iron.

Each, f.o.b. Chase \$2.25

37-A. CORDAGE-EXPRESS CORD:

57-X. TREE COUNTER—Improved:

The mechanical Tree Counter was originated by Robert Chase. This new "Featherweight" Denominator is made of metal throughout except the plastic composition key tops. Attractively finished in tobacco brown color. The wheels are driven by gears equipped with special locking device which prevents inaccuracy. The indicating wheels contain large bold figures easily and quickly read. As the operator passes down the row he presses key indicating grade of tree. When through with a variety the dial shows total number of each grade in block. Complete with belt attachment—just swing it around your waist. Each unit counts to 1,000. One revolution of the Reset Knob returns ALL units to Zero.

76. TREE PAINT—"Treesaver":

(Cut not available for this catalogue)

We now carry two types of Tree Paint. This "Treesaver" is a thin liquid paint primarily for use in painting trees in the nursery row to prevent rabbit damage—apple trees, flowering crabs, etc. Discourages borers in dogwoods.

Per Gallon can, f.o.b. Chase 2.50

Per Quart can, f.o.b. Chase80

76-A. TREE PAINT—"43 For the Tree":

This is designed primarily for use in painting stubs and surfaces after pruning, or for painting cavities before filling. It is used very successfully by many tree surgeons and landscape gardeners. A can of it should be in the kit of every home owner who uses pruning saws and shears. It is most healing in its effect. Comes in either PLASTIC or LIQUID form.

LIQUID FORM is a heavy liquid that forms an airtight coating, and should be applied on all pruned surfaces where the limb is $\frac{1}{2}$ -inch in diameter or larger. The medicinal oils penetrate into all parts of the cut or wound. The acids and disinfectant odors will drive away worms.

PLASTIC FORM is used in filling small cavities, cracks, crotches, etc.

Prices are the same on both LIQUID and PLASTIC. State which is wanted.

Per Gallon can, f.o.b. Chase 2.50

Per Quart Can, f.o.b. Chase80

77. TREE WRAP:

A spiral bandage of treated duplex, crinkled, water-proof kraft paper for protection of newly planted shade trees against Sun Scald and Borer damage. Always start the wind at the top so that the lap will gather moisture. Wrap to base of tree. Tie in place, starting at base and spiraling in opposite direction of paper.

Put up in rolls 8 to 10 inches in diameter, 2-inch and 4-inch widths.

Per Pound, f.o.b. Chase \$.18
